MEDICINAL.

The recent marriage of a couple of cripples, each having only half the proper complement of arms and legs, was noted by the press as a "curiousity." But who notes the marriages which occur daily in which both parties are cripples in health. Crippled health means, as a rule, insufficient nutrition, and lack of nutrition points to disease of the stomach and digestive and nutritive tract. Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect nourishment of the body, and so builds it up in sound health and strength.

"I had been a great sufferer from indigestion for the last nine years," writes Mrs. Margaret Stingle, of Owings Mills, Baltimore Co., Md. "I was such a wreck it seemed death was near, but today can say I feel like another woman. I have received much and lasting good from Dr. Pierce's Golden Medical Discovery and 'Favorite Peppermint.' I have taken twenty-five bottles in all, and followed the advice of Dr. R. V. Pierce, and am happy to say that life is worth living now. A thousand thanks for your treatment."

Do not be cajoled into trading a substance for a shadow. Any substitute offered as "just as good" as "Golden Medical Discovery" is a shadow of that medicine. There are cures behind every claim made for the "Discovery."

The Common Sense Medical Adviser, 1003 large pages, in paper covers, is sent free on receipt of twenty-one one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Buffalo Bill Divorce Suit.

Col. William F. Cody (Buffalo Bill) made a deposition before a notary in Denver yesterday in the action for divorce which he has begun in Big Horn county, Wyoming. Colonel Cody will sail for Europe shortly, and will be absent from the country when his suit is tried. In the proceedings yesterday Colonel Cody was interrogated by his own attorney, and was subjected to cross-examination by counsel for Mrs. Cody.

"Mrs. Cody tried to poison me three years ago," the Colonel testified. "She had frequently threatened to do it. We were visiting in Rochester, N. Y., during the holidays of 1900, and the day after Christmas I was ill. I supposed the turkey and plum pudding did not agree with me. She said she would fix me up. She pretended to give me medicine. It was poison. It almost finished me, for I was unconscious for some time. I think it must have been an overdose, for it made me vomit, and I suppose this saved my life."

Colonel Cody related many instances of his wife's having humiliated him at his "former home," in North Platte, by her conduct toward his guests. She drove his friends away," he said. "When they were no longer welcome in the handsome residence I built and elaborately furnished, it was no longer my home." The witness recited many specific instances of his wife's alleged discourtesy to his guests. Mrs. Cody's counsel inquired into the character of the guests to whom she objected, and into their conduct while at her home. The purpose of the inquiry was to show that the men whom he brought to the house were a fast and riotous set, and behaved in such a manner that she had a right to object to them.

German Raps Roosevelt.

The provision exempting farmers at Indian agencies from the requirement to undergo a civil service examination was again discussed in the Senate yesterday and the general subject of civil service received attention.

Senator Gorman reiterated his opinion that the civil service regulations should not be legislated upon piecemeal, and he said that inasmuch as the President had entire control of the matter it should be left to him. He quoted from the instructions of the President to the Isthmian Canal Commission as tending to show that the Chief Executive had receded from his advanced position on the general application of the civil service principle. No one had ever supposed originally, he said, that the principle would be applied to minor places as it had been. He wanted the door opened to the small places "as it has now been opened by the President to all who can live on the Isthmus of Panama and do work in connection with the canal."

In further presentation of his point that the present occupant of the White House was relaxing his civil-service views, Mr. Gorman said that the men sent to the Philippines to fill the most important places in the service there were exempted from the requirements of the civil-service regulations, and he incidentally called attention to the fact that "very few of these places have been filled by men who have not been members of the President's own political party."

The Wabash System.

Senator Gorman introduced in the Senate yesterday a bill which amends the act incorporating the Washington and Western Maryland Railway Company, and which is, in fact, a bill to enable the Wabash to enter Washington. The bill provides that the company may in the construction of its lines cross the Chesapeake and Ohio canal and the government road commonly known as River road, at a point about 2,400 feet east of the Chain bridge, to a point immediately north of the River road, by means of a bridge with a clearance of at least 16 feet above the present grade of the River road, and so elevated above the canal as not to interfere with its travel and traffic, and to proceed from that point immediately north of the River road northwardly through the lands of the palisades of the Potomac Company, over a right of way acquired from the palisades of the Potomac Company, to the south line of the property of the United States government, and a part of the grounds of the receiving reservoir, in the District of Columbia and Maryland; then, proceeding northwardly through the lands of the government, to the point of intersection with the lines of the Metropolitan Southern Railroad Company. The Washington and Maryland Railroad Company is authorized to construct its road across the property of the government forming a part of the grounds of the receiving reservoir.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played and heaved with him and a terrible cough set in beside. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He is now sound and well." Everybody ought to know, it's the only sure cure for Coughs, Colds, and all Lung diseases. Guaranteed by E. S. Leadbeater & Sons, druggists. Price 50c. and \$1.00. Trial bottles free.
